February 13, 1998

Grattan Line Construction Corp.  
Steve Martin  
7 Everett Farmer Rd.  
Billerica, MA 01821

Dear Mr. Martin;

On behalf of Central Vermont Public Service Corporation I would like to thank Grattan Line Construction Corporation for the 8 line crews sent to assist with the service restoration efforts following the January ice storm. This damaging ice storm caused extensive damage to our distribution system leaving approximately 19,000 customers without electric service.

The skills, team effort, and professionalism of the Grattan employees helped to minimize the effects of this storm on our customers. Please convey our thanks to your employees for a job well done.

Sincerely,

David E. Ruby  
Resource Coordination
