35 Sullivan Road
N. Billerica, MA 01862

Dear Chuck:

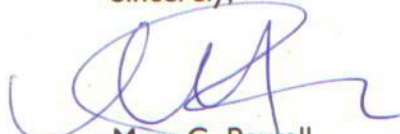

Thank you so much! We are so grateful for all your hard work during December's unprecedented snow storm. As one incredible large team, we successfully restored power to more than 150,000 customers, and you and your employees helped us get our customers connected as quickly and safely as possible, working in very difficult conditions. They, and we, appreciate all the efforts of everyone at Grattan Line Construction Corp.

I am personally so grateful for your continued service to Green Mountain Power. It is so important to the team here and to our customers that we can depend on you in times of crisis.

As with any good team, we appreciate and welcome any feedback and process improvement suggestions you might have to offer. We believe that we can get better with every storm, and we value your suggestions.

Thanks again for your extraordinary efforts.

Sincerely,

Mary G. Powell
