Dear Grattan,

Everyone at Unitil would like to thank you for your critical role in our Thanksgiving snow storm response. We were able to restore power to more than 31,000 customers in New Hampshire and Massachusetts in under 72 hours. This was an extraordinary effort for a storm of this magnitude and impact.

Thanks to your support and that of other electric contractors, Unitil set the pace for restoration in our region. We also truly appreciate the tremendous personal sacrifices you made, leaving your own families over the Thanksgiving holiday to aid our restoration efforts. On behalf of our grateful customers and all Unitil employees, we thank you for your hard work alongside our crews in response to this event. Please accept these storm hats as a small token of our gratitude.

Again, thank you,

A handwritten signature in blue ink, appearing to read "Carol Valianti".
